TERMS OF SALE

PLEASE READ BEFORE BIDDING.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

I CHARGE NO COMMISSION FOR EXECUTING BIDS.

Lots sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalogue. This guarantee holds good indefinitely.

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing prices of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, May 15, 1917.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

NOTICE TO NEW BIDDERS.

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE. Read the terms of sale before bidding.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids or send satisfactory reference, otherwise they will not be accepted, as I cannot be expected to ship goods to parties whose good standing is not known to me.

THE SIZE OF COINS AND MEDALS

FROM MASSACHUSETTS.

Interesting Collection of Chinese Coins.

- 1335 Collection of over five hundred all different Chinese coins and amulets, including all of the odd-shaped pieces; knife money, razor, key and other peculiar forms. The entire collection is arranged in a solid walnut cabinet, consisting of thirty (30) trays, satin lined, with the coins attached with silk thread and numbered. The collection is accompanied by a catalogue describing each and every piece, giving the Chinese characters, their translation into English and the date of the coin.

The collection was formed by Mr. Hwong Ping Sing, of Fuh-Chow, in 1872.

The entire collection will be sold as one lot and includes the cabinet, which alone would now cost \$25.00 or \$30.00 to manufacture. A most interesting collection both for the numismatist and student as well.

\$10,000 FOR OLD PENNIES

Fort Worth Collector Comes Here for 1500 Old Coins

B. Max Mehl, of Fort Worth, Tex., came all the way to this city for the purpose of obtaining 1500 one-cent and half-cent pieces, for which he paid \$10,000. They represent every type minted in this country since the Revolution, and were collected by Dr. Lewis J. Adler, Jr., of 1610 Arch street. Mr. Mehl is a professional numismatist.

The last half-penny was minted in 1853. The 1500 pennies weighed exactly seventy-five pounds. Mr. Mehl shipped them by express and followed by the first train for Fort Worth.
